ABOUT

Computer engineering student currently enrolled at NOVA SST in Lisbon for the final year of my master's degree. Experience in front-end web development and mobile game development but open to expand my professional expertise to other fields of computer science.

EDUCATION

NOVA School of Science and Technology

Integrated Master in Computer Science

Lisbon, Portugal

Sep. 2017 – Present

Technische Universität Dresden

Erasmus+ Programme Exchange Period

Dresden, Germany

Apr. 2021 – Oct. 2021

EXPERIENCE

Front-end Developer and QA Assistant

Automation MJM

Jul. 2019 – Aug. 2019

Lisbon, Portugal

- Developed React components to display the result of some unit tests on a web page
- Experimented with AWS Amplify's authentication mechanism
- Learned to develop unit tests for JavaScript environments using JEST

Front-end Developer Intern

Altitude Software

Apr. 2020 – Jul. 2020

Lisbon, Portugal

- Developed React components to replace existing ASP.NET components in a contact centers management platform
- Integrated the components with the application's back-end using C# and ASP.NET

PROJECTS

My Spelling Game | *Unity, C#, SQLite*

Jul. 2018 – Nov. 2018

- Developed a 2D mobile game for Android/iOS along with a graphic designer

EVENTS

Unity Workshop - JORTEC Informática 2019 | *Unity, C#*

Feb. 2019

Android Training Program | *Android Studio, Java, Kotlin*

Nov. 2019

LANGUAGES

Proficient: Portuguese, English

Begginer: Spanish, German
